

The **ACO Sideline** is the result of a development cooperation with ACO Tiefbau. Realized was a slotted frame drainage with integrated LED illumination as linear inground light line. Ideally suitable for architectural illumination of squares, paths, parks and gardens. Monochrome colours, CI-colours, RGB with colour change or dynamic light. As standard, Sideline integrates the instalight 1060.

## instalight 1060 light insert for integration into ACO Sideline by the client

L x W x H

1000 x 29 x 70 mm	instalight 1060 variant	<b>LX</b>	see page 188
344 x 29 x 125 mm	instalight 1060 variant	<b>LH</b>	see page 192
	instalight 1060 variant	<b>LN</b>	see page 194

Project ACO Thormannshalle, Büdelsdorf
